

REMARKS

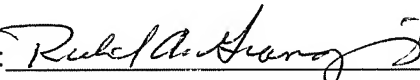

Applicant has presented claims which dependencies conform with United States law. The majority of these claims conform or generally conform to that presented during the International Phase, but have been renumbered when presented herein. Entry is requested.

As Applicant is not aware of any prior art which would anticipate or would render obvious the claimed invention, early allowance is requested.

In view of the above Amendments and Remarks, Applicant respectfully submits that the claims of the application are allowable over the rejections of the Examiner. Should the Examiner have any questions regarding this Amendment, the Examiner is invited to contact one of the undersigned attorneys at (312) 704-1890.

Respectfully submitted,
